

MAKE BOOKS WITH REPURPOSED MATERIALS

Book Artist Kit ScrapsKC

In this kit, you have the material to make three books, using three different binding techniques. In bookmaking, the **binding** is what attaches the pages to the protective **cover**. A set of folded papers in a book is called a **signature**. The first book will be bound by sewing thread through the pages. Use the T pin and the golf T as an **awl** to poke 3 holes through the card stock and printer paper. Use a type of pamphlet stitch to sew the pages to the book spine. A 5 hole stitch is also an option!

Make a small notepad from a repurposed paint chip! Fold the long papers in half and staple them in to the paint chip cover.

Scan the QR code to access a video tutorial showing how to make the books in this kit. Or visit www.scrapskc.org/tutorials.

Use the rubber bands and wood dowels to bind the file folder notebook. Feed the small rubber band through the pre-punched holes and secure both ends of the rubber band around the wood dowel. Stylize and personalize with stickers, paper and tape. Click link for more **detailed instructions!**
